In an ongoing effort to provide summative assessment data to schools within your district, the Alabama State Department of Education is working with Chalkable to import official summative assessment data for your use. This data will be available through your student management system, InformationNOW (iNOW), for instructional improvement.

Official scores for the 2015-2016 state assessments will be posted on the state Web site after the Alabama State Board of Education meeting on November 10, 2016. Data elements will be loaded into the student profile under 'Standardized Tests' within iNOW. Attached are the data fields that will be pushed for the 2015-2016 *ACT Aspire*, *ACT with Writing*, *ACT WorkKeys*, and *Alabama Alternate Assessment*.

The Achievement Correlation Matrix Report in the INFocus reporting module of iNOW will allow you to view this data as a district, school, and classroom teacher. For more information on viewing these reports, you may visit the following link at <http://support.sti-k12.com/documentation/quickref/INFocus%20-%20Winter%202014%20Release%20Preview%20Document.pdf>. In order to create functionality for teachers to view their student reports, each district must follow the instructions located at this link: <http://support.sti-k12.com/documentation/quickref/INFocus%20-%20Winter%202015%20Release%20Preview%20Document.pdf>

If you have general questions, contact Mrs. Rebecca Mims at 334-242-8038 or via e-mail at rmims@alsde.edu. For questions concerning the Achievement Correlation Matrix, contact the Chalkable helpdesk at 877-844-0884. For technical assistance related to the data push, contact the Information Systems Help Desk at 334-353-1250 or via e-mail at helpdesk@alsde.edu.
