**2B. Equipping School Buses with Wi-Fi Capabilities**

Provide details as to how the LEA will use GEER funds to connect Wi-Fi to district buses.

Equipping the route buses in the Attalla City School System with WIFI will ensure students, who may otherwise not have access to the internet, the ability to learn when schools are closed due to the coronavirus outbreak. WIFI on our school buses would give us the ability to create community hotspots for students and their families. This would give students the ability to complete online assignments especially for those fully remote/virtual students that are utilizing the state's latest curriculum module SchoolsPLP. Our plan would be to deploy our route buses to specified areas for a specified amount of time where we would give students specific directions on how to connect to the buses WIFI hotspot.
