Purchases and activities will be aligned to each respective Course of Study.

Instructional materials and activities will include grade-level content and will reinforce the information covered in the classroom. The grade-level appropriateness of these resources will allow parents and guardians to assist students' enrichment in Reading/English Language Arts (ELA) and Math. Materials will be color-coded and available for bi-weekly pick-up to ensure that students who participate in either remote learning or traditional school benefit from these services. Conecuh County Board of Education will utilize the GEER funds to employ/contract special education teachers, general education teachers, Speech Language Pathologists/SLPA, teachers for 504 and ESL students, and paraprofessionals who will implement the Individualized Education Plans and/or I-ELPs for the specific needs of our students. Students identified as students with disabilities have disabilities that adversely affect their learning in the general education setting. Students whose second language is English (ESL) may have language barriers that affect their learning. In order to close the gap within these special populations, we need to address these needs on an individual basis. Our goal is to ensure that these issues are identified and rectified, allowing this group of students to move onto a less vulnerable population.

Our teachers and paraprofessionals will collect data on a regular basis to help support the needs of our students.

Documentation of communications with parents/guardians will be maintained. Avenues of communication include phone calls, text messages, emails, Remind, social media, etc.

The afternoon tutoring program will employ 4 teachers who will work with students in K-3 who are demonstrating difficulties in the classroom. All highly effective teachers will work with classroom teachers and use any individualized plans in place to support and reinforce classroom interventions and strategies. After-school teachers will utilize science of reading strategies as well as be provided job-embedded professional development opportunities.

In addition, Conecuh County Schools will purchase Amira Practice: an online, digital reading tutor for students who have reading deficiencies. Amira Practice provides emergent readers with reading practice from the comfort and safety of their homes. Every reading session with Amira Practice provides teachers with rich insights that help them to stay connected with your student.
