The Coosa County School System will use the GEER funds to specifically focus on the students in grades K - 3 in order to meet the requirements of the Alabama Literacy Act. Students will be screened with a formative assessment in order to determine if further screenings or assessments need to be give by a person trained in dyslexia testing. The system has a person currently working with the system that will be able to fulfill these testing requirements. Students qualifying in the category of needing additional reading support will then be recruited to attend after school tutoring to support the deficits identified in the area of reading. A dyslexia supported program will be utilized as a tier three intervention in the classroom and outside of the classroom for extra time necessary to develop the areas identified per students in reading deficiency. Parents will be notified of the need for attendance to the extra tutoring and instruction as well as what it means for the child identified with the deficits and progress reports will be sent home monthly in order to keep parents abreast of the instruction and progress.

Students who are identified will receive extensive reading tutoring four days a week after school for one hour. Students will be receiving additional and a more intensified Tier III multi-sensory instruction focusing on the area(s) of deficiency.

How will the LEA plan for implementation and measure impact for effectiveness for purchases identified?

The local reading specialist will train with Sylacauga City Schools' local reading specialist at Pinecrest Elementary School who is well versed in the Soday System. This mentorship will allow the recently hired reading coach to learn the ends and outs of the program as well as becoming an in house expert where she will have the ability to support teachers in the implementation of the program. Progress monitoring will be completely monthly so that all stakeholders will have a running record of the impact the instruction is having on each student. Additionally, further testing may be required for students not making adequate progress according to the LEAs expectations. Teachers will receive daily coaching support in efforts to insure implementation is appropriate for all teachers instructing during tutoring and during the school day.

What is the proposed timeline for providing services and assistance to students and staff?

Order kits as quickly as funds are released. Begin prior to purchase with LEA reading specialist training in Sylacauga City School System. Once kits have arrived, LEA Reading Specialist will begin implementation overview and training with ALL teachers whether tutoring or not. The LEA Coach will continue the training and coaching process daily for the first two weeks of virtual school. After Labor Day, teachers will begin the on-line version of the Soday System daily for the identified students currently needing the program support as identified by data from the previous school year.(Phonics First Screener)
