## 2A. Equitable Services Assurances

*The LEA Superintendent or his/her authorized representative assures or certifies the following:*

- The LEA receiving GEER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under Section 1117 of the ESEA as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the GEER fund.
- The LEA will ensure that a public agency will have title to materials, equipment, and property purchased with GEER funds.
- The LEA will ensure that services to a non-public school with GEER funds will be provided by a public agency directly, or through contract with, another public or private entity.

**Provide a brief explanation answering the following questions:**

- 1) Were services from private schools accepted or refused in your LEA?**
- 2) If services were accepted by private schools, who accepted and what allocation did they receive?**
- 3) When did private schools in your LEA receive timely and meaningful consultation?**
- 4) What services will each private school receive and when will the services be implemented?**
- 5) How will GEER funds be used to improve remote learning services and support technical capacity and access at private schools within your LEA?**
- 6) If a private school administrative set-aside is being taken by the LEA, what is the allocation and how will it be used?**

There is one private school, Springwood School, located within the Lanett City attendance zone. Lanett City ' s Federal Programs Coordinator initiated consultation with Springwood ' s Head of School. Initial consultation took place virtually via Zoom on August 5 and August 20, 2020, with additional email and phone contact as needed. Additional consultation to amend the allocation per updated USDOE and ALSDE guidance took place in September and on October 7, 2020. Springwood School accepted services and has signed and returned the required Intent to Participate form. Springwood ' s Head of School participated in all consultation efforts and accepted the proportionate share allocation on behalf of the school. Based on the revised (Title I) funding formula, a total of \$90.21 in GEER funds is being allocated to Springwood School. Lanett City opted not to take any administrative set-aside from the allocation. Springwood School will utilize GEER funds to purchase instructional materials and supplies for use by classroom teachers and students. These instructional materials and supplies will be used to provide additional academic support to bridge learning and achievement gaps. Funds will be made available for use by the private school immediately upon approval of Lanett City's GEER application.

**2C. Additional Academic Supports to Bridge Learning and Achievement Gaps**

Applicable Grade-Level(s) (Check all that apply):

Pre-K  K  1st  2nd  3rd  4th  5th

Applicable Support(s) (Check all that apply):

- Reading/ELA Family Engagement/At-Home Learning Resources
  - Math Family Engagement/At-Home Learning Resources
  - Dyscalculia-Specific Screener
  - Dyslexia-Specific Screener
  - Vulnerable Populations Resources or Supports
- ES  MS  HS

**NOTE: Only answer the questions below that apply to supports selected above by the LEA.**

**Reading and Math Family Engagement/At-Home Learning Resources**

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Aligns to Alabama ELA and/or math course of study standards;
- Provides opportunities to extend learning and build connections at home;
- Reinforces key grade level concepts;
- Includes grade-level appropriate manipulatives for math and literature for reading;
- Provides individual student opportunities for both intervention and enrichment activities; and
- Includes easy-to-follow planning calendars or activity suggestions for families.

GEER funds will be used to purchase resources, tools, or other supports that support student academic progress and help to minimize learning and achievement gaps. Alabama course of study standards for ELA and math at the different grade levels will be taken into account when purchasing materials or resources, and input from both district- and school-level staff will be considered as well. At-home manipulative kits for literacy and math may be purchased both to extend learning opportunities and also to increase parent engagement in the learning process. These kits would include manipulatives for parents and students to use to complete home to school activities. These manipulatives are often things you would not find in the typical home especially in an impoverished home. Having these kits would be beneficial to make virtual learning more concrete for our students. Some examples of these type manipulatives would be counters, letter tiles, whisper phones, 3-D shapes, base ten blocks rods, and more. In addition, the district may purchase subscriptions to digital or take-home publications such as Scholastic magazines. These would be an excellent resource for supporting not only literacy but also subject area content such as math, science, or social studies. Any publications or subscriptions purchased would be appropriate to the various grade levels of our students. Some at-home resource kits that we have reviewed include suggested activities and ways to use the materials at home. In the absence of that, we will create hard copy and/or video-based suggestions for parents on how to utilize the purchased materials at home.

**Dyscalculia Screener**

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Identifies dyscalculic tendencies in students and is not time intensive to administer;
- Recommends intervention strategies;
- Presents easy to interpret reports and information on a student's strengths and weaknesses;
- Provides diagnostic reports for teachers;
- Provides parent reports and guidance; and
- Provide additional opportunities to screen students beyond grade 3.

NA

**Dyslexia-Specific Screener**

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Aligns to evidence-based science of reading criteria;
- Provides ability and options to universally screen, identify risks, progress monitor, and/or report results in a seamless system;
- Provides recommendations for intervention strategies and/or individualized learning paths to help close achievement gaps; and
- Provides additional opportunities to screen students beyond grade 3 (if applicable).

NA

### **Vulnerable Populations Supports**

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Provides streamlined approach to gather, use, and monitor identified vulnerable population data;
- Includes tools or resources to assist with development and/or implementation of individualized plans for specific needs of students;
- Includes communication tools to ensure meaningful communication in a language understood by the parents/guardians;
- Provides evidence-based learning activities that align to students' plans; and
- Provides other related or applicable services specific to vulnerable populations.

While materials and services purchased with GEER funds will be made available to all students equitably, students who may be the most vulnerable to academic and/or functional regression will receive additional consideration for specialized services or materials specific to their unique needs. Students with disabilities and students identified as English Learners (ELs) will be monitored carefully through existing processes (IStations, DIBELS, skills checks, Classworks, MyPath, etc.) to ensure that learning or achievement gaps are addressed quickly and in an individualized manner. Students' individual plans, such as IEPs or I-ELPs, will serve as a guide in determining the types of resources that are needed, as well as input from district special education and ESL personnel. To the greatest extent practicable, the district will provide parent information and support materials in languages that are understood in the home. In addition, in consultation with school counselors, the district may purchase materials related to social-emotional learning and healthy coping skills. These materials may be targeted for both at-school and at-home use, thereby offering another point of connection for families. The district will purchase resources for use by school counselors in addressing social-emotional needs of students. For example, resources that teach coping skills, healthy stress management, and related topics that may be needed.

### **2D. Before/After School Tutoring**

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Aligns to *Alabama Literacy Act* requirements for students who are identified with a reading deficiency;
- Provides learning opportunities outside of the traditional school day; and
- Includes description of employee duties/responsibilities aligned to intensive intervention needs.

GEER funds will be used to purchase additional SPIRE kits as elementary students progress through the SPIRE curriculum during Literacy Camp and/or tutoring after school. SPIRE is one of the intervention curriculums approved by ALSDE and Literacy Act Committee. Literacy camp facilitators are required to provide direct, explicit instruction for an hour to hour and a half after school using the SPIRE kits as the main resource along with Istations Reading Curriculum. When students are receiving face-to-face instruction, the tutoring will be provided face-to-face after school for an hour and a half. When a student's learning platform is remote, the mode of delivery will be remote for an hour. Teachers will work with students in targeted small groups to address deficits. At the secondary level, the administration will evaluate to determine if an after school tutoring program is needed.

**3. Budget Development**

*The LEA Superintendent or his/her authorized representative assures or certifies the following:*

The LEA will use GEER funds for activities outlined in the application and allowable under Section 18002(c) of Division B of the CARES Act. The United States Department of Education **does not** expect administrative or executive salaries and benefits for IHEs, SEAs, or the other education related entities referenced at Section 18002(c)(3) to be a lawful purpose for GEER funds.
