**How will the LEA plan for implementation and measure impact for effectiveness for purchases identified?**

District leadership convened to determine the instructional needs of students. Using Aimsweb, (a web-based solution for universal screening, progress monitoring, and data management), reading and math performance will be assessed three times a year in K through 5th grade levels; fall, winter, and spring. This data will be used to identify students who need intervention and to guide instructional planning. Over time, we expect to see typical academic progress (at least 2% improvement in proficiency per year) being made despite the disruptions created by the COVID-19 pandemic.

**What is the proposed timeline for providing services and assistance to students and staff?**

Leeds City Schools plans to use funds between March 13, 2020 until September 30, 2022.
