How will the LEA plan for implementation and measure impact for effectiveness for purchases identified?

Purchases funded by GEER monies will focus on improving teaching/learning for all students, providing high quality resources for math/reading family engagement, providing high quality learning resources for virtual learning in the case of school closures due to Covid-19, and providing before/after school tutoring opportunities. The ultimate goal of all of these purchases is to improve student learning and close the achievement gaps of those identified as most vulnerable. Through on-going data collection of benchmark assessments and state accountability assessments, we will measure student growth trends in reading and math and disaggregate data to determine closure of identified achievement gaps. The goal of the school system is to reduce the gaps in achievement due to the early school closure in spring of 2020 as evidenced by a comparison of reading and math student data from Fall 2020 to Fall 2022.

What is the proposed timeline for providing services and assistance to students and staff?

Upon approval of the GEER application, orders for all materials will be placed immediately. Once resources are received to outfit buses for WI-FI capabilities, along with academic resources to bridge the learning and achievement gaps of students, they will be placed in needed areas and immediately put into service. It is the plan of the Midfield City school system to have all resources in place prior to September 30,2022.
