2A. Equitable Services Assurances

The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA receiving GEER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under Section 1117 of the ESEA as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the GEER fund.
- The LEA will ensure that a public agency will have title to materials, equipment, and property purchased with GEER funds.

2B. Equipping School Buses with Wi-Fi Capabilities**Provide details as to how the LEA will use GEER funds to connect Wi-Fi to district buses.**

We would like to re-allocate this money to before and after school tutoring. Our district is so small that we do not see the need to outfit buses with Wi-Fi capability. Our students are on the bus for a very short amount of time, and many of our local businesses, churches, and civic organizations provide free Wi-Fi for those that wish to use it. Also, with ADECA providing vouchers for free internet for free/reduced lunch students, we feel that our school community has multiple opportunities for internet access.

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Aligns to Alabama ELA and/or math course of study standards;
- Provides opportunities to extend learning and build connections at home;
- Reinforces key grade level concepts;
- Includes grade-level appropriate manipulatives for math and literature for reading;
- Provides individual student opportunities for both intervention and enrichment activities; and
- Includes easy-to-follow planning calendars or activity suggestions for families.

Tools and resources purchased will provide students and families the opportunity to continue to connect learning at home. Resources will be aligned to Alabama Course of Study standards, and they will give extension opportunities as well as bridge the divide between at school and at home learning.

Edulastic Enterprise will provide students participating in remote learning the opportunity to participate in safe and secure classroom and district assessments. It will also technologically enhance teacher and district assessments, while providing teachers, schools, and the district with data and reports that will track student growth and achievement. This data also allows teachers to drill down to standard-level mastery to adjust instruction.

Edmentum Courseware and Study Island allows teachers to prescribe lessons that will provide both intervention and enrichment on grade level standards. Teachers can provide online lessons, tutorials, state test preparation, formative assessment and practice through Study Island; and through Courseware, students can take accelerated mini courses that provide essential skills required to be successful in math and ELA.

Both of these resources could be used in grades K-12.

Dyscalculia Screener

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Identifies dyscalculic tendencies in students and is not time intensive to administer;
- Recommends intervention strategies;
- Presents easy to interpret reports and information on a student's strengths and weaknesses;
- Provides diagnostic reports for teachers;
- Provides parent reports and guidance; and
- Provide additional opportunities to screen students beyond grade 3.

Dyslexia-Specific Screener

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Aligns to evidence-based science of reading criteria;
- Provides ability and options to universally screen, identify risks, progress monitor, and/or report results in a seamless system;
- Provides recommendations for intervention strategies and/or individualized learning paths to help close achievement gaps; and
- Provides additional opportunities to screen students beyond grade 3 (if applicable).

Vulnerable Populations Supports

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- **Provides streamlined approach to gather, use, and monitor identified vulnerable population data;**
- **Includes tools or resources to assist with development and/or implementation of individualized plans for specific needs of students;**
- **Includes communication tools to ensure meaningful communication in a language understood by the parents/guardians;**
- **Provides evidence-based learning activities that align to students' plans; and**

MobyMax specializes in closing learning gaps for all subjects by finding and correcting missing skills. MobyMax provides differentiated instruction, progress monitoring, and placement tests for all students. MobyMax simplifies the IEP process by allowing the teacher to set student goals that are automatically updated as students progress. It also provides a parent portal so that students' progress can be checked at any time, engaging parents in their child's learning. This program would be used by special education students in grades K-5.

i-Ready Personalized Instruction would be used in conjunction with i-Ready Diagnostic. Data from i-Ready diagnostic would be used to deliver online lessons to help students meet proficiency in reading and math as well as monitor growth. The online lessons in i-Ready Personalized Instruction are tailored to meet students where they are, and they are used in conjunction with teacher resources that enable teachers to target specific skills either through whole group instruction, small group instruction, or one-on-one instruction.

ISPIRE is a multi sensory reading intervention program that uses technology to deliver instruction based on an intensive, structured, spiraling curriculum. It focuses on phonemic awareness, phonics, spelling, vocabulary, comprehension, and fluency. Students identified as dyslexic or with dyslexic tendencies would be placed into a Tier 3 program with an intervention teacher using ISPIRE. The data driven instruction would provide continuous practice as well as the opportunity to measure gains. This would be used for students in grade K-5.

2D. Before/After School Tutoring

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- **Aligns to *Alabama Literacy Act* requirements for students who are identified with a reading deficiency;**
- **Provides learning opportunities outside of the traditional school day; and**
- **Includes description of employee duties/responsibilities aligned to intensive intervention needs.**

Based on the requirements of the Alabama Literacy Act, we would like to provide after school tutoring as well as summer reading camp for both the 2020-21 school year, as well as the 2021-22 school year. These funds would be used for after school tutoring for a minimum of thirty hours in the spring of 2021 and the spring of 2022, and it would provide a summer reading camp for students in the summer of 2021 and the summer of 2022 at a minimum of 90 hours each summer. Students attending these programs would be those that are needing additional opportunities outside of the traditional school day in order to meet grade level proficiency in reading. Teachers of these programs would be trained in LETRS and/or MSLE and they would use small group instruction based on the science of reading. Additional money would be used on materials and supplies to support these programs.
