**2A. Equitable Services Assurances**

*The LEA Superintendent or his/her authorized representative assures or certifies the following:*

- The LEA receiving GEER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under Section 1117 of the ESEA as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the GEER fund.
- The LEA will ensure that a public agency will have title to materials, equipment, and property purchased with GEER funds.

- 4) What services will each private school receive and when will the services be implemented?
- 5) How will GEER funds be used to improve remote learning services and support technical capacity and access at private schools within your LEA?
- 6) If a private school administrative set-aside is being taken by the LEA, what is the allocation and how will it be used?

Sumter County School District does not currently have any private schools operating within its attendance zone.

**2B. Equipping School Buses with Wi-Fi Capabilities**

Provide details as to how the LEA will use GEER funds to connect Wi-Fi to district buses.

Sumter County School District is nestled in a rural area of West Alabama. High-speed internet is non-existent in most of the district's jurisdiction. This leaves the students at a great disadvantage, when it comes to access to distance learning opportunities. Sumter County School District will use GEER funds to outfit fifteen (15) of our district's buses with Wi-Fi capabilities. These buses will be parked in the local communities to serve as WiFi hotspots. This will allow students to complete their assignments from home and gain access to many additional enrichment opportunities that are currently out of reach once the students leave the school buildings.
