FY 20 reading data indicate that there is a great need for literacy support throughout the district. In March 2020 the last assessment revealed that 51% of kindergarten, 46% of first grade, and 40% of second grade students were non-proficient in one or more reading areas. Due to the COVID slide, this number of non-proficient students will likely increase since these students have not had intensive support consisting of developmentally appropriate and targeted instruction. The Walker County School System's poverty level of Title 1 schools is 70% which has a direct impact on student learning. The current data reveal the need to provide additional literacy support throughout the district. We are requesting to hire a district literacy specialist that will work directly with administrators, teachers, and coaches to assist with the implementation of the Literacy Act. We are also requesting to contract highly qualified teachers to provide reading intervention instruction to at-risk students in a small group setting. This intervention will take place during the school day and will be additional to the small group instruction provided by the classroom teacher. The purpose of these positions is to provide additional resources and support that will directly impact the narrowing of the achievement gap and bridge learning for vulnerable populations. The GEERs funds will be used for the next two years to fund these positions. All funds received will be utilized by September 30, 2022.

**2D. Before/After School Tutoring**

Describe how the following conditions will be maximized through the purchase of resources, tools, or other supports with the use of GEER funds:

- Aligns to *Alabama Literacy Act* requirements for students who are identified with a reading deficiency;
- Provides learning opportunities outside of the traditional school day; and
- Includes description of employee duties/responsibilities aligned to intensive intervention needs.

**3. Budget Development**  
*The LEA Superintendent or his/her authorized representative assures or certifies the following:*  
 The LEA will use GEER funds for activities outlined in the application and allowable under Section 18002(c) of Division B of the CARES Act. The United States Department of Education does not expect administrative or executive salaries and benefits for IHEs, SEAs, or the other education related entities referenced at Section 18002(c)(3) to be a lawful purpose for GEER funds.

**How will the LEA plan for implementation and measure impact for effectiveness for purchases identified?**

The plan will be disseminated to the K-3 administrators. All schools will be utilizing the STAR Early Literacy Assessment beginning September, 2020. The data from the assessment will be used to determine reading deficiencies in the 5 skill areas. Formative assessment data will be used to drive student instruction. The intended outcome is for students to become proficient in the reading skills. This can be measured through the STAR Early Literacy Assessment that will be given at the minimum 3 times a year. At-risk students' progress will be monitored weekly to determine if the instruction is meeting the reading needs of the students.

**What is the proposed timeline for providing services and assistance to students and staff?**

After application approval, the District Literacy Specialist's position will be posted and filled. The DLS will begin analyzing student data with each school's RTI team to determine each student's instructional needs. A plan will be devised focusing on the individual student's reading deficiencies. The reading intervention teachers will be contracted at each school to work with at-risk students. All services provided through the grant will end by September 30, 2022.
