Bibb County Schools conducted a "Needs Assessment" meeting (6/17/2020) to collect and examine information about school related issues that should be addressed, as a result of COVID-19. Parent surveys have also been administered to gain feedback from parents and guardians. School and district personnel are currently using the feedback data to create a plan to improve student outcomes and provide sanitary school facilities. Critical needs have been identified and are being addressed using research based programs, various technology devices for students and teachers, and items to sanitize and clean facilities.

**How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?**

Assessments such as AIMSweb Plus/Pearson, iXL, Beacon and Scantron Achievement Series will be used to assess student learning gaps. Research based programs will be used to address students varied individual learning needs. Technology will be used to supplement instruction and will increase motivation, student engagement and accelerate student learning.
