The district leadership team will review data contrived from the Needs Assessment, parent/student surveys, Title 1 Surveys, Technology Plan, and local expenditures due to the COVID-19. The district goals is to provide support for the students and their families during the pandemic. Based on the data the team has determined that the most important educational needs for our district are as follows:

* Salary expenditures for locally funded teacher units. Due to the loss of local revenue, five of our nine schools have lost locally funded teacher units.
* Additional janitorial supplies needed for extra cleaning and disinfecting.
* Nursing and therapist salary. Cost for an additional nurse that can travel from school to school. Cost for a Therapist to meet the needs of students at home and schools.
* Technology hardware. Laptops and Chrome books.
* Technology software and services. Distance learning software and remote personnel services.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

At the beginning of the 2020-2021 school year, all students will be given a grade-level screener and/or assessment. The screener will be used to determine if learning gaps are present due to the pandemic. All students will be provided appropriate remediation and instruction.
