PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

Students will participate in a wide range of assessments during the first two weeks of school. This includes the K-3 Early Assessment Program in math and reading, oral reading assessments, and Scantron assessments for grades 4th-8th. Additionally, teachers will provide informal checks for student understanding of critical standards.

Health assessment data shared by the Alabama Public Health Department, local health agencies and school nurse input will determine the schools on-going needs for sanitation equipment, supplies, and PPEs.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Students in K-3 will participate in a specially designed curriculum to fill the gaps that may be a result of the COVID-19 school closures. These materials are designed to be compatible with the beginning of the year reading materials already implemented in our classrooms. Schools will also host Fall Literacy Academies as an after-school activity for the students who most need literacy intervention.

Students in the upper elementary through high school grades will participate in intervention programs that include small-group instruction, additional tutoring, and digital tools to address the gaps that exist in learning. Our curriculum will also include a spiral review of critical standards throughout the year for all grades to ensure that students revisit information that may be forgotten. Our district's 1:1 technology plan will allow students to have the technology needed to access learning that will assist in filling these gaps.

August 2020 - Assessment of students to determine learning gaps. ✓
On-going - Measure student progress through use of formative assessments. ✓

How will the LEA use ESSER funds to promote remote learning?

A key component of our plan for 2020-2021 is to purchase chromebooks in an effort to establish a 1:1 initiative for students in grades 3-12. Students in grades K-2 will be provided with existing devices. We will continue to explore resources that offer both a pencil/paper option and a digital option to allow for students, teachers, and parents to make a seamless transition in the event of prolonged school closure.

All students will have the option of instruction through Alabama's online learning platform. Students will also have the option to enroll in the DeKalb County's Virtual School Academy.

3. Equitable Services Assurances

The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under Section 18005 of Division B of the CARES Act.
- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under Section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that it will maintain control of funds for the services and assistance provided to a non-public school
- The LEA will ensure that it will have title to materials, equipment, and property purchased with ESSER funds.
- The LEA will ensure that services to a non-public school with ESSER funds will be provided by the LEA directly, or through contract with, another public or private entity.

Provide a brief explanation of the following: How will equitable service funds be used by the private schools? How will timely and meaningful consultation occur with private schools? What is the proposed timeline for services and assistance to be implemented by private schools?

Both private schools within the district have been contacted to notify them of the opportunity for their students and teachers to obtain equitable services under the CARES Act programs. Through this initial contact, services available under the CARES Act program and how non-public school students and teachers can participate were explained. Both private schools opted out of receiving any services granted in the CARES Act. Documentation of consultation has been forwarded to the appropriate contact in the federal programs section at ALSDE.
