The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

**2. Allowable Service(s) Assurance**

*The LEA Superintendent or his/her authorized representative assures or certifies that:*

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education does not consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

**How will the LEA determine the most important educational needs as a result of COVID-19?**

Analysis and evaluation of the district's educational continuity activities from March to May of 2020. Also, analysis of mid-year assessment data of mathematics and reading instruction from January of 2020. We needed cleaning supplies, personal protective equipment, technology hardware, printing and postage for paper learning packets, and summer remediation support. Summer remediation included early literacy support for struggling young readers, extended school year for special needs students, and summer school credit recovery for high school students.

**How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?**

Tuition-free credit recovery and community busing for high school summer school students to assist students who ended the year with failing academic grades. Pre-tests in mathematics and reading for all students in August at the start of the 2020-21 school year. Students with significant learning gaps will be assigned to tiered intervention resources. Teachers in other subjects will be directed to begin the 2020-21 year with a more formal and intensive review of prior content than in prior years.

Instructional improvements funded by this source are focused on improving access to remote learning for all K-2 students, providing summer credit recovery at zero cost for high school students, and supporting struggling readers in grades K-3 with free tutoring. All of these things will improve access to resources and overcome barriers for minority learners. If there are any barriers with stakeholders, we will take those seriously and address in a timely manner.
