PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:
 The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

Limestone County Schools (LCS) completed a comprehensive needs assessment to determine the most important educational needs of our students, families, and staff as a result of COVID-19. LCS conducted two surveys. The first survey was given in May to parents/families, students, and employees to assess the educational services of LCS during the school closure. The second survey was given in July to determine the needs of students and families for the 2020-2021 school year. Survey data was used as part of our needs assessment. A task force with school and community members met to analyze survey results and determine needs. Meetings with various departments as well as the private school located in the district were held to make sure the needs assessment was comprehensive. A summary of the needs assessment showed that additional staff was needed to help with virtual students and social distancing, technology devices, internet connectivity, social workers, instructional needs-like paper to replace paper/toner for paper packets Spring 2020, stipends for staff for additional sanitation, stipends for additional days for nurses to prepare for school reopening after COVID 19, additional staff to prepare devices for virtual program due to COVID 19, sanitation supplies, protective equipment, sneeze guards, retrofit bottle fill stations, temperature stations, and like items to clean, sanitize, and protect students and staff. The non-public needs were devices for remote learning and supplies to sanitize and clean facilities.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Summer programs will give DIBELS and STAR to determine learning gaps. Students will be given ESGI, ALAKIDS, DIBELS B, STAR, Scantron Performance Series along with teacher observations and formative assessments to determine learning gaps. Teachers will use Tier II and III interventions with progress monitoring checks to determine rate of improvement on standards. Elementary will develop individual reading plans for students with reading deficiencies in accordance to the Literacy Act. The individual plans will include interventions such as SPIRE, Rewards, Heggerty, Dreambox, and Renaissance to assist in closing the gaps. K-5 teachers will evaluate progress biweekly to make adjustments in instruction as needed. LCS will utilize RTI and MTSS processes in K-12 to keep check on students who are not making sufficient progress. After school programs and summer programs will be offered where funding is available.

The State agencies or boards administering the programs covered by the application shall not require the submission or amendment of such application unless required by changes in Federal or State law or by other significant change in the circumstances affecting an assurance in such application.

6. Section 427 of the General Education Provisions Act Assurances

(a) The purpose of this section is to assist the Department in implementing the Department's mission to ensure equal access to education and to promote educational excellence throughout the Nation, by -

(c) The Secretary may establish criteria and provide technical assistance for meeting the requirements of this section.
(d) Nothing in this section shall be construed to alter in any way the rights or responsibilities established under the laws cited in section 400(d) of this Act.

What steps does the LEA propose to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program?

Limestone County Schools will use various methods such as surveys, task force committees, advisory teams to determine what the barriers are for students, teachers, and other beneficiaries. The district will review and analyze student, parent, teacher, and advisory evaluations to remove any barriers that exist. LCS will offer timely access to educational supports and services to remove barriers. Communication barriers will be removed by communicating to parents in a variety of methods in the parents' native language so that each student has equal access to participate in programs throughout the district. LCS will be trauma-informed and equipped to build resilience due to the impact COVID-19 has had on students and their families such as educational disruption, social-emotional health, economic insecurity, increased violence, and substance abuse.
