**PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES**

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

**2. Allowable Service(s) Assurance**

*The LEA Superintendent or his/her authorized representative assures or certifies that:*

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

**How will the LEA determine the most important educational needs as a result of COVID-19?**

In response to the COVID shutdown, the OCS Leadership Team which includes administrators, principals, instructional coaches and teachers began meeting and continue to meet on a regular basis to determine the educational needs of our system as well as how to best meet the needs of our students factoring in the amount of learning that was lost during the shutdown. The leadership team identified the following needs: instructional software/tech supplies, classroom instructional supplies, cleaning and sanitation supplies, collaborative planning, and professional development on distance learning and cleaning and sanitation procedures.

**How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?**

Learning gaps will be assessed using AlmswebPlus for grades K-3 and Scantron for grades 4-12. Additionally, teachers will administer formative and summative assessments. Information gained from these assessments will determine the instructional needs of each student and those needs will be met accordingly using differentiated instruction. Instructional coaches have met to revise the pacing guides, front-loading missed standards. Teachers will monitor student work both on-line and in person. The district will move to a 2:1 Initiative, providing two devices for each student; one at home and one in the classroom. This will allow for minimum disruption in the event of future shutdowns.

**What is the LEA's proposed timeline for providing services and assistance to students and staff?**

Opelika City Schools began system-wide planning for the shutdown on March 12, 2020. Chromebooks were distributed to students for online learning beginning March 27, 2020 with online instruction beginning on March 30, 2020. Safety and health measures as well as on-line instructional support is ongoing and will continue for the foreseeable future. All funds requested will be expended by September 30, 2022.

**How will the LEA use ESSER funds to promote remote learning?**

We are putting into place a 2:1 technology device initiative to allow students to have a device both at home and at school. Various on-line platforms (Google Classroom, Screencastify, etc.) are being utilized to assist with instruction and communication. Additionally, selected teachers are planning and developing instructional prototypes to be used by grade-span. These prototypes will improve the depth of on-line instruction and ensure quality instruction.
