PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

As a result of COVID-19, the current needs assessment was adjusted to reflect input from district and school administrators, certified and classified staff, parents and families, community leaders, including business stakeholders, and other local partners. Input was received from face to face and virtual meetings, social media forums, and surveys conducted by the superintendent.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Mid-year benchmark reading and math data was analyzed by the district and school teams to determine the existing gaps among all students as well as by individual student groups. In April and May, teachers used data to plan for instruction based on critical standards. The district and schools have identified various instructional platforms needed to supplement core instruction as well and assist with tracking student gains and differentiating instruction upon administration of the universal screener once schools are re-opened. Varied instructional resources that address specialized instructional needs for identified student groups will be purchased to help scaffold various tiers of instruction. Additionally, a virtual summer program was offered to K-3 students identified as most in need of reading instruction toward grade level mastery. Staff professional development will be identified and provided to help implement instructional resources in both traditional and virtual platforms. The identified needs include professional development, instructional software, technology, health and safety equipment, and parent communication.

What is the LEA's proposed timeline for providing services and assistance to students and staff?

Scottsboro City Schools began to offer services and assistance to students and staff once all information and feedback was obtained and needs were prioritized. In April and May 2020, meals were provided to at-risk students by facilities and staff through our transportation department. Cleaning and sanitizing throughout the district has been ongoing while following protocol with 12 month employees throughout the summer. Additional cleaning supplies have been ordered to maximize safety efforts of all students, faculty and staff as the re-opening of schools' plans are developed. Instruction has been provided to K-3 at-risk students remotely during the summer in an attempt to help prevent further summer slide. Health and safety supplies were ordered to meet the needs of students and staff on campus as directed by the timeline directives by the ALSDE. All funds will be expended by 9/30/2022.

How will the LEA use ESSER funds to promote remote learning?

ESSER funds will be used to purchase instructional software, computer hardware (including wi-fi access), and to provide virtual professional development (purchased services). All of these services will be needed to support remote learning for all students in Pre-K through twelfth grades.
