PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:
 The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

The superintendent and leadership team have determined our districts most pressing needs as it relates to the health and safety of students and staff, in addition to how we will be able to deliver the most effective and appropriate instruction under the current COVID-19 conditions. Additionally, we have surveyed our parents and staff as to their perceptions and concerns regarding starting the 20-21 school year and based on their responses, we have developed a plan around blended and remote learning opportunities for our students. However, those plans are subject to change based on the COVID-19 conditions in our county at the start of school. The most pressing needs identified in our budget are but are not limited to the following: Assistive technology i.e. laptops, chrome books, wifi hot spots and wifi adapters for school buses, Personal Protective Equipment for staff and students, sanitation supplies, transportation cost, software agreements, Protective barriers for the main offices in each school.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

The Sumter County BOE will use benchmark data from assessment administered across grades K-11 prior to the dismissal of school in march and compare that information to data that will be gleaned from administering the i-ready and ACT benchmark assessment to our students. Also, we are planning to offer summer reading interventions to our primary and middle grades prior to the start of school. Additionally, we will be providing additional ACT and ACT Work Keys prep for students in grades 9-12 along with offering after school tutoring for all students.

6 Section 427 of the General Education Provisions Act Assurances

(a) The purpose of this section is to assist the Department in implementing the Department's mission to ensure equal access to education and to promote educational excellence throughout the Nation, by -

(1) ensuring equal opportunities to participate for all eligible students, teachers, and other program beneficiaries in any project or activity carried out under an applicable program; and

(2) promoting the ability of such students, teachers, and beneficiaries to meet high standards.

(b) The Secretary shall require each applicant for assistance under an applicable program (other than an individual) to develop and describe in such applicant's application the steps such applicant proposes to take to ensure equitable access to, and equitable participation in, the project or activity to be conducted with such assistance, by addressing the special needs of students, teachers, and other program beneficiaries in order to overcome barriers to equitable participation, including barriers based on gender, race, color, national origin, disability, and age.

(c) The Secretary may establish criteria and provide technical assistance for meeting the requirements of this section.

(d) Nothing in this section shall be construed to alter in any way the rights or responsibilities established under the laws cited in section 400(d) of this Act.

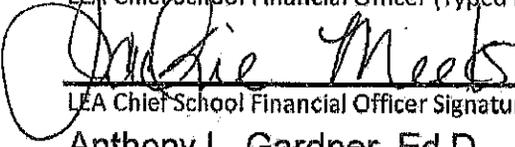

What steps does the LEA propose to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program?

The Sumter County BOE is exploring every available option in order to remove any barrier that will hinder equal access to all students. In addition to purchasing of a variety of devices that will promote on-line access; the district is in the process of migrating its email platform from the basic Alabama Super Computer hosted email platform to the Office 365 email platform. This will allow us to increase the capacity of our teachers and students to communicate and collaborate with each other. Additionally, we will provide email accounts to all of our students. This will give the district the ability to monitor communication between teachers and students as well as student to student communication. Additionally, if barriers are to arise, we will move to resolve the situation as quickly as possible.

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, *et seq.*; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR Part 180, as adopted and amended as regulations of the Department in 2 CFR Part 3485; and 18 U.S.C. § 1001, as appropriate.
