Data-Driven School Counseling Programs

A Data-Driven School Counseling Program:

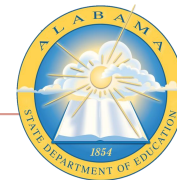

- **Informs the decisions made at each stage of program delivery and assessment.**
- **Reviews existing data to determine what services are needed to address opportunity or achievement gaps.**
- **Helps school staff understand an issue.**
- **Creates systemic change in schools.**

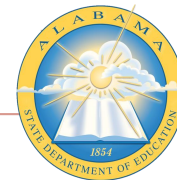

School Counseling Certification

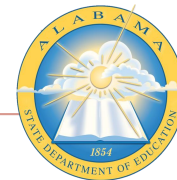

Compliance Monitoring

Dual Enrollment

Curriculum Update

New Physical Education & Health COS

MATH AND MATH-ELIGIBLE CREDIT COURSES

Once a student completes the mathematics courses required for graduation (Algebra I, Geometry, Algebra II), the 4th and/or the 5th math decision is up to what the LEA will allow. This would include dual enrollment mathematics courses.

***NOTE**—Algebraic Connections must be taken between Geometry and Algebra II and must never be the final math course a student takes.

MATH AND MATH-ELIGIBLE CREDIT COURSES

It is imperative that a student's plans for college or postsecondary should be considered when selecting a mathematics-credit eligible course:

Career Mathematics (400024)

AP Computer Science A, AP (520007)

AP Computer Science Principles (520018)

***NOTE**—Career Mathematics or Algebra with Finance may serve as a substitute for Algebra II. Career Mathematics or Algebra with Finance may be taken before or after Algebra II.

SCIENCE AND SCIENCE-ELIGIBLE CREDIT COURSES

The following Career and Technical Education courses are science-credit eligible. Teachers holding the appropriate science certifications and those with appropriate Career and Technical Education certification may teach the courses below for science credit.

- Forensic and Criminal Investigations (410025)
- Plant Biotechnology (420053)
- Aquaculture Science (420037)
- Introduction to Biotechnology (490041)
- PLTW Principles of Engineering (560016)
- AP Computer Science A, AP (520007)
- AP Computer Science Principles (520018)

SCIENCE AND SCIENCE-ELIGIBLE CREDIT COURSES

The following Career and Technical Education courses contain similar content as courses in the *2015 Alabama Course of Study: Science*. Students may not receive science credit for both courses.

- **Chemistry of Food (510013)**—similar content as **Chemistry (220061)**
- **Environmental Management (420026)**—similar content as **Environmental Science (220029)**
- **Human Body Structures and Functions (490015)**—similar content as **Human Anatomy and Physiology (220026)**
- **PLTW Human Body Systems (490043)**—similar content as **Human Anatomy and Physiology (220026)**

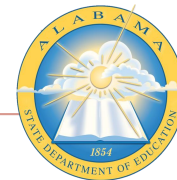

AIM Credit Tracking Student Data Application

PowerSchool Student Information System

Student Records & Transcripts

Transcript Areas of Major Concern

- **Transcripts/Student Records not secure or non-existent**
- **Courses not aligned with the graduation requirements (Example—CTE/FA/FL, Science)**
- **Credit Recovery vs. Credit Advancement**
- **Falsifying Course Names & Grades on Transcripts (Advanced Placement, Dual Enrollment, Virtual Courses)**
- **AP Courses/Teachers not approved by College Board**
- **Inaccurate calculation of GPAs**
- **Inaccurate calculation of course grades**
- **Changing transcript components without administrative directive**
