**TALLAPOOSA COUNTY SCHOOLS PLACED ON THE COLLEGE BOARD'S
7TH ANNUAL AP® DISTRICT HONOR ROLL FOR SIGNIFICANT GAINS IN
STUDENT ACCESS AND SUCCESS**

433 School Districts Across the U.S. and Canada Are Honored

Montgomery, Ala. — The Tallapoosa County School System is one of 433 school districts in the U.S. and Canada being honored by the College Board with placement on the [7th Annual AP® District Honor Roll](#). To be included on the [7th Annual Honor Roll](#), Tallapoosa County Schools was required to, since 2014, increase the number of students participating in AP while also increasing or maintaining the number of students earning AP Exam scores of 3 or higher.

Reaching these goals shows that this district is successfully identifying motivated, academically prepared students who are ready for AP. National data from 2016 show that among Black/African American, Hispanic, and Native American students with a high degree of readiness for AP, only about half are participating.

The first step to getting more of these students to participate is to give them access. Tallapoosa County Schools is committed to expanding the availability of AP courses among prepared and motivated students of all backgrounds.

“Congratulations to all the teachers and administrators in this district who have worked so tirelessly to both expand access to AP and also to help students succeed on the AP Exams,” said Trevor Packer, the College Board’s head of AP and Instruction. “These teachers and administrators are delivering real opportunity in their schools and classrooms, and students are rising to the challenge.”

Helping more students learn at a higher level and earn higher AP scores is an objective of all members of the AP community, from AP teachers to district and school administrators, to college professors. Many districts are experimenting with initiatives and strategies to determine how they can expand access and improve student performance at the same time.

Tallapoosa County Schools Placed on 7th Annual AP® District Honor Roll

Page 2

December 15, 2016

In 2016, more than 4,000 colleges and universities around the world received AP scores for college credit, advanced placement, or both, and/or consideration in the admission process.

Inclusion on the [7th Annual AP District Honor Roll](#) is based on a review of three years of AP data, from 2014 to 2016, looking across 37 AP Exams, including world language and culture. The following criteria were used.

Districts must:

- Increase participation/access to AP by at least 4% in large districts, at least 6 % in medium districts, and at least 11% in small districts;
- Increase or maintain the percentage of exams taken by black/African American, Hispanic/Latino, and American Indian/Alaska Native students; and
- Improve or maintain performance levels when comparing the 2016 percentage of students scoring a 3 or higher to the 2014 percentage, unless the district has already attained a performance level at which more than 70% of its AP students earn a 3 or higher.

When these outcomes have been achieved among an AP student population in which 30% or more are underrepresented minority students (black/African American, Hispanic/Latino, and American Indian/Alaska Native) and/or 30% or more are low-income students (students who qualify for free or reduced-price lunch), a symbol has been affixed to the district name to highlight this work.

The complete [7th Annual AP District Honor Roll](#) can be found [here](#).
