Thank you for agreeing to partner with the Alabama State Department of Education (SDE), Special Education Services, to serve as a pilot site in the Research-Based Math Intervention Project. As you aware, we have ordered the enclosed student materials for use in your selected school(s) for the 2008-09 school year. In addition to purchasing the student materials for your school(s), the SDE will also purchase four days of professional development for your system and one day of initial training. A consultant with the math intervention program will communicate with your school contact person to schedule these days.
