The Focused Monitoring Process is a blend of compliance monitoring and improving outcomes for students. This report is based on findings from the System Profile Information, Special Education Coordinator’s Questionnaire, Student File Review, Student Services Review, and any other information obtained during the on-site visit.

During the Focused Monitoring Process, a designated number of student files were reviewed to verify compliance with state and federal requirements. Also, during the on-site process, a number of students were selected to determine student status and related system performance results. Each SSR provides information to determine if there is a match between the individual needs of the student and the services being provided to the student by the agency.

The purpose of this report is to provide feedback to the agency in identifying findings of noncompliance that must be corrected as soon as possible, and in no case later than one year from identification of noncompliance. The report also identifies the corrective action that must be taken by the agency as well as the documentation that must be submitted to the Alabama State Department of Education (ALSDE). In addition, the report informs the agency of the steps the ALSDE will take in order to ensure 100% correction of noncompliance with the statutory requirement(s).
The Focused Monitoring Report will include the following:

- SSR RESULTS
- FINDINGS OF NONCOMPLIANCE
- IMMEDIATE CORRECTION STRATEGIES
- IMPROVEMENT STRATEGIES
- DOCUMENTATION OF CORRECTIVE ACTION

GLOSSARY

AAA .................. Alabama Alternate Assessment
AAC .................. Alabama Administrative Code
ADRS .................. Alabama Department of Rehabilitation Services
ALSDE ................. Alabama State Department of Education

**Steps to be taken by the ALSDE to ensure compliance with the Statutory Requirements**

1. For each Immediate Correction Strategy (30-day item), the ALSDE will review corrections on line.

2. Sixty calendar days from the date the LEA received notification of the status of the immediate correction strategies, a random sample of updated data will be pulled and reviewed. The education agency must show 100% correction of noncompliance before SES is allowed to clear/close out the focused monitoring process. If the same findings are identified during the review of updated data, the education agency will not show 100% correction of noncompliance and Step 3 will be taken.

3. Twenty calendar days from the last review of new/updated data, a random sample of new/updated data will be pulled and reviewed. The education agency must show 100% correction of noncompliance before SES is allowed to clear/close out the focused monitoring process. If the same findings are identified during the review of updated data, the education agency will not show 100% correction of noncompliance and Step 4 will be taken.

4. Ten calendar days from the last review of new/updated data, a random sample of new/updated data will be pulled and reviewed. The education agency must show 100% correction of non-compliance before SES is allowed to clear/close out the focused monitoring process. If the same findings are identified during the review of updated data, the education agency will not show 100% correction of noncompliance and the ALSDE will determine what enforcement procedures will be considered.

**Enforcement Procedures:**

1. The Special Education Coordinator will receive a call from the Program Coordinator of Special Education.
2. A letter will be written to the Superintendent outlining the seriousness of correction of noncompliance.
3. A Compliance agreement will be implemented.
4. The Superintendent will be directed to come to the ALSDE and meet with the Director of the Office of Learning Support, Program Coordinator of Special Education, Focused Monitoring Administrator, and the Focused Monitoring Team Leader.
5. Withholding of funds procedures may be implemented.
